Office Building - Dubai

- **Black Water Treatment**
- **MBR Ultrafiltration**
- **Treated Water Recycled for Water Feature & Irrigation**

Site Description

This office building was built as a sales office for Dubai based large property development company 'Tameer'. The building was completed in 2008 and provides office space for forty company employees over two levels.

HUBER Water Recycling System

For this project, HUBER designed, supplied, installed and commissioned a 6m³/day Membrane Bioreactor (MBR) ultrafiltration system to treat the combined black and grey wastewater. The treated water is recycled for use in the water feature at the front of the building, and for irrigation.

The HUBER MBR system utilizes

- HUBER MembraneClearBox® MCB unit, size 3x3
