HUBER Basket Screen CageLift

Basic and sturdy screen made from stainless steel

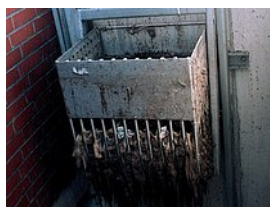

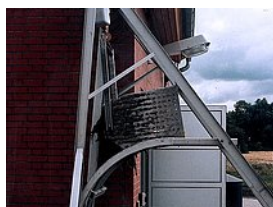

- Flat material with perforated bottomplate
- With stable, frost-proof and corrosion-resistant plastic rollers
- Guide and support rails for vertical movement of the basket
- The guide rails are curved towards the discharge to ensure a partly automatic discharge of screenings into the customer's skip. The residual screenings are removed manually by means of a hand rake
- Whenever the screen basket is in the retracted position, a fall screen automatically shuts off the inlet
- Drive with electric chain pull and with block an upper and lower limit
