## Systems Concept for Sludge Thickening

### The Systems Concept

- |   |  |
|---|--|
| 1 thin sludge   | 8 Drum thickener   |
| 2 pre-thickener and storage tank                        | 9 digester   |
| 3 polymer station                                       | 10 post-thickener and storage tank                         |
| 4 polymer blender                                       | 11 supernatant draw-offs                                   |
| 5 <a href="#">ROTAMAT® Rotary Screw Thickener RoS 2</a> | 12 sludge water (decantate or filtrate)                    |
| 6 <a href="#">HUBER Drainbelt DB</a> - belt thickener   | 13 HUBER Liquid Sludge Gallow                              |
| 7 <a href="#">ROTAMAT® Disc Thickener RoS 2S</a>        | 14 HUBER stainless steel Platform with Ladder and Railings |
